

The Kansas Small Business Development Center (SBDC) is hosting a Technical Innovation Virtual event “Encountering Innovation”

Event details:

Date: Monday, 9/13 – Friday, 9/17
Daily schedule: 8 am – 5 pm (CST) Daily, Monday-Thursday, ends at noon on Friday
Cost: \$129.00

Who should participate?

- Advanced manufacturers seeking to contract with the Government and Large “Other than Small” Primes
- Small businesses with new innovations seeking to showcase their technologies to Federal Agencies

What is it?

Encountering Innovation brings together advanced manufacturers, innovators, government tech scouts, Government prime contractors, and subject matter experts seeking to commercialize innovative technologies and grow the Government industrial base.

The conference includes:

- Daily Keynote Speakers
- Advanced Technology breakout sessions
- Network and Showcase your capabilities through a “virtual booth”
- Opportunities to pitch to Government Tech Scouts
- Matchmaking opportunities with Large “Other than Small” Prime Contractors

How to Register There are two steps to Registering

1. For “Other than Small” Primes, Email [Vicki Long](#) or [Ric Slater](#) to understand how to select the SBs you want to meet in the event
2. Pay for the event. Click here: <https://events.jccc.edu/coursedisplay.cfm?schID=29275>
