

Commonwealth Cyber Initiative

Seeking a paid Cyber Security Internship?

- ▶ The Commonwealth STEM Industry Internship Program (CSIIP) is an online system where Virginia-based companies select and hire interns from a large pool of pre-qualified college and university STEM students throughout Virginia.
- ▶ Companies select and hire the interns through CSIIP. A portion of the internship payment can be made as a subsidy directly to the student.
- ▶ Special opportunities through our Commonwealth Cyber Initiative partners for current undergraduate students pursuing a cyber-security related major with Virginia-based businesses if you attend a Virginia State School.
- ▶ We invite all Virginia students to register at our CSIIP website in order to take advantage of all the opportunities CSIIP has to offer.

CCI Program Eligibility

- ▶ Must have a GPA of 2.7 or higher.
- ▶ Must be a U.S. Citizen.
- ▶ Must be 18 years of age.
- ▶ Students must be pursuing a cyber-security or cyber-security related major.
- ▶ Undergraduate students must be from a Virginia state-funded college or community college.

Learn more and apply at csiip.org

***Note: Students from all accredited universities, colleges and community colleges in Virginia may apply for internships through the CSIIP program outside of this special CCI opportunity.**
