Portfolio Manager - Government & Commercial Space Systems at Insight Global

Jared Ross · 1st
CyPrESS Program Manager and Subcontract Program Manager at Leidos

ITPO CSC – PURPOSE

- Encourage effective communication and collaboration between NASA OCIO's IT contractors, and enhance the productivity and quality of contractors' services and products for the overall success of the NASA OCIO.

- Provide timely information and advice on enterprise-wide issues of mutual interest and acts as a forum for ad hoc communications between the OCIO and the contractor community.

- Any company may be a member and participate in the Council's informal framework where large and small businesses can network with each other and with OCIO and other IT leaders.

ITPO CSC – MEETINGS

- Meets virtually each month on the 2nd Wednesday at 2:00 p.m. ET.

- Featured speakers are from the OCIO, the contractor community, and other organizations who seek to inform the Council members about activities or issues of mutual interest.

- In-person or hybrid events may be held as needed to provide the opportunity for OCIO leaders, ITPO, and the contractor community to network, communicate, and share information.

- As needed, working groups are formed to research an item of interest or address an enterprise-wide issue.

ITPO CSC – COMMUNICATIONS
